ILL. C.C. NO. 20
PART 19 SECTION 1

PART 19 - Unbundled Network Elements and Number Portability 5th Revised Sheet No. 2.1
SECTION 1 - General 4th Revised Sheet No. 2.1

1. GENERAL (cont'd)

A. DESCRIPTION (cont'd)

The unbundled network element services provided in this section are exclusively for use by "telecommunications carriers" for the provision of telecommunications service as defined by and to the extent required by the Act and the IL PUA. The Company will provide sufficient unbundled network element capacity to meet the requesting telecommunications carrier's network unbundling needs where sufficient capacity exists within the Company's network and is technically feasible. Where insufficient capacity exists to meet the requesting telecommunications carrier's technically feasible network unbundling needs, the telecommunications carrier may request that additional capacity be added via the "Bona Fide Request" Process or, as appropriate, may request that additional capacity be added pursuant to the Commission's Order in Docket No. 99-0593 as long as such order remains effective.

If a telecommunications carrier with an interconnection agreement is permitted to purchase the unbundled network elements (UNEs) or UNE combinations offered under Section 15, 20 or 21 of this tariff, that telecommunications carrier shall submit written notice to the Company if it decides to purchase from one or more of those tariffs, with the notice specifying the particular tariff(s). Each of those tariffs is non-severable and indivisible. Following the Company's receipt of such a written notice, such tariff(s) (including its rates) set forth in the notice shall apply on a prospective basis only, and apply in accordance with its terms to UNEs and/or UNE combinations already being purchased and those subsequently purchased by the telecommunications carrier, beginning 5 business days after the Company's receipt of the notice. An eligible telecommunications carrier that has previously provided notice of its decision to purchase under Section 15, 20 or 21 of this tariff may change that direction upon subsequent written notice to the Company of that change, which notice shall be provided, and shall be subsequently and prospectively effective, in the same manner as described above.

SECTION 15 - Provisions of Combinations of
Network Elements

5th Revised Sheet No. 5

1. PROVISION OF COMBINATIONS OF NETWORK ELEMENTS (cont'd)

A. DESCRIPTION (cont'd)

- Non-Telecommunications Services shall not be included with Provision of Pre-Existing and New UNE-P. This includes, but is not limited to, voice mail, inside wire maintenance, customer premises equipment and calling card services.
- Unless otherwise provided in an interconnection agreement or amendment thereto between the Company and a telecommunications carrier which is dated after June 30, 2001, that telecommunications carrier shall be permitted to subscribe to Pre-Existing and New UNE-P under this tariff regardless of whether or not the telecommunications carrier has an effective interconnection agreement with the Company pursuant to Section 252 of the Telecommunications Act of 1996. If a telecommunications carrier with an interconnection agreement is permitted to purchase a combination of unbundled network elements under this Section 15, that telecommunications carrier shall submit written notice to the Company if it decides to purchase from this tariff, with the notice specifying this particular tariff. This tariff is non-severable and indivisible. Following the Company's receipt of such a written notice, this tariff (including its rates) shall apply on a prospective basis only, and apply in accordance with its terms to UNE-Ps already being purchased and those subsequently purchased by the telecommunications carrier, beginning 5 business days after the Company's receipt of the notice. An eligible telecommunications carrier that has previously provided notice of its decision to purchase under this Section 15 may change that direction upon subsequent written notice to the Company of that change, which notice shall be provided, and shall be subsequently and prospectively effective, in the same manner as described above.
- Recurring and nonrecurring charges for ordinarily combined Pre-Existing and New UNE-P will be applied as shown in **RATE APPLICATION and PRICES** below.
- Upon request of any telecommunications carrier, the Company will provide a schedule of rates as described in the Schedule of Rates Process in Part 19, Section 1 of this Tariff.

1. PROVISION OF ENHANCED EXTENDED LOOP (EEL) (cont'd)

General (cont'd)

Unless otherwise provided in an interconnection agreement or amendment thereto between the Company and a telecommunications carrier which is dated after June 30, 2001, that telecommunications carrier shall be permitted to subscribe to EELs under this tariff regardless whether or not the telecommunications carrier has an effective interconnection agreement with the Company pursuant to Section 252 of the Telecommunications Act of 1996. If a telecommunications carrier with an interconnection agreement is permitted to purchase an EEL under this Section 20, that telecommunications carrier shall submit written notice to the Company if it decides to purchase from this tariff, with the notice specifying this particular tariff. This tariff is non-severable and indivisible. Following the Company's receipt of such a written notice, this tariff (including its rates) shall apply on a prospective basis only, and apply in accordance with its terms to the EELs already being purchased and those subsequently purchased by the telecommunications carrier, beginning 5 business days after the Company's receipt of the notice. An eligible telecommunications carrier that has previously provided notice of its decision to purchase under this Section 20 may change that direction upon subsequent written notice to the Company of that change, which notice shall be provided, and shall be subsequently and prospectively effective, in the same manner as described above.

(N)

(N)

The Company intends that this tariff fully complies with the Company's obligations under the Illinois Public Utilities Act as amended effective June 30, 2001 ("Illinois PUA").

The Company has filed this tariff under compulsion of the Illinois Public Utilities Act, including as amended by Illinois Public Act 92-0022, and specifically reserves any and all rights and remedies it may have relating to possible challenges to Illinois Public Act 92-0022 and this tariff under state and federal law, including federal preemption law.

Terms and conditions offered by the Company set forth in this Part 19, Section 20 for Provision of EEL as required at 13-801(d)(3) by amendment to the Illinois Public Utilities Act effective June 30, 2001, shall no longer be offered by the Company in the event that section 13-801(d)(3) is repealed, expires or otherwise no longer effective as enacted as on June 30, 2001.

PART 19 SECTION 21

PART 19 - Unbundled Network Elements and Number Portability 7th Revised Sheet No. 1
SECTION 21 - Unbundled Local Switching with Shared Transport 5th Revised Sheet No. 1

1. UNBUNDLED LOCAL SWITCHING WITH SHARED TRANSPORT (ULS-ST)

A. DESCRIPTION

General

Unbundled Network Elements are available to telecommunications carriers for use in the provision of existing and new telecommunications services within the LATA for telecommunications carriers' end users or payphone service providers as specified, to the extent required by, and pursuant to the Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996) ("the Act") and the rules, regulations, and orders of the Federal Communications Commission (FCC) and the IL PUA and the rules, regulations and orders of the Illinois Commerce Commission. The Company intends that this tariff fully complies with the Company's obligations under the Illinois Public Utilities Act as amended effective June 30, 2001 ("Illinois PUA").

Ameritech Illinois, hereinafter referred to as the "Company", provides only to telecommunications carriers subscribing to Unbundled Local Switching (ULS), as described in this section, the function of shared transport (as defined in the FCC's Third Order on Reconsideration and Further Notice of Proposed Rulemaking, Implementation of the Local Competition Provisions in the Telecommunications Act of 1996, 12 FCC Rcd 12460 (1997) (Third Recon Order) under terms and conditions, other than rate structure and price, that are substantially similar to (or more favorable than) the most favorable terms SBC/Ameritech offers to telecommunications carriers in Texas as of August 27, 1999.

(T)

Unless otherwise provided in an interconnection agreement or amendment thereto between the Company and a telecommunications carrier which is dated after June 30, 2001, telecommunications carriers that already have an interconnection agreement with the Company pursuant to Section 252 of the Telecommunications Act of 1996 shall be permitted to purchase ULS-ST under this tariff. However, a telecommunications carrier is not required to have an interconnection agreement with the Company before subscribing to ULS-ST under this tariff. If a telecommunications carrier with an interconnection agreement is permitted to purchase ULS-ST under this Section 21, that telecommunications carrier shall submit written notice to the Company if it decides to purchase from this tariff, with the notice specifying this particular tariff. This tariff is non-severable and indivisible. Following the Company's receipt of such a written notice, this tariff (including its rates) shall apply on a prospective basis only, and apply in accordance with its terms to ULS-ST already being purchased and those subsequently purchased by the telecommunications carrier, beginning 5 business days after the Company's receipt of the notice.

PART 19 - Unbundled Network Elements and Number Portability 7th Revised Sheet No. 1.1
SECTION 21 - Unbundled Local Switching with Shared Transport 6th Revised Sheet No. 1.1

1. UNBUNDLED LOCAL SWITCHING WITH SHARED TRANSPORT (ULS-ST) (cont'd)

A. DESCRIPTION (cont'd)

General (cont'd)

An eligible telecommunications carrier that has previously provided notice of its decision to purchase under this Section 21 may change that direction upon subsequent written notice to the Company of that change, which notice shall be provided, and shall be subsequently and prospectively effective, in the same manner as described above.

(N)
|
(N)

ULS-ST is available to a requesting telecommunications carrier for the provision of local exchange, interexchange that includes local, local toll, and intraLATA toll, and exchange access telecommunications services within the LATA to its end users or payphone service providers.

/1/
|
/1/

Pursuant to the Illinois PUA, upon request the Company will also include with ULS-ST a capability for the transmission of intraLATA toll calls, originating from the purchasing carrier's customers who are being provided local exchange service using ULS-ST. The capability will be provided from the Company's originating end-office where the ULS is being provided for such end-user customer. This capability is limited to transmitting such intraLATA toll calls on the Company's existing network using the same routing tables and network facilities, including interexchange trunk groups and tandem switching, as intraLATA toll calls originated from the same end-office by the Company's retail end-user customers. Per terms of ULS-ST Shared Transport Transit, included in this Tariff, the Company will include as part of the ULS-ST the transmission of intraLATA toll calls to the local exchange carriers interconnected with the Company using the same routing tables and network facilities, including interexchange trunk groups and tandem switching, as intraLATA calls originated by the Company's retail end-user customers. The purchasing carrier is solely responsible for any terminating charges applicable to such intraLATA toll calls, including such charges that are payable to third party carriers for the termination of intraLATA toll calls to their respective end-users.

In conjunction with the purchase of ULS-ST, the Company shall also make available access, on an unbundled basis to other intraLATA interexchange transmission capabilities of the Company's existing network as and to the extent required by FCC rules and orders ("IntraLATA Transmission Capabilities"). Any specific use of the IntraLATA Transmission Capabilities which is not set forth in this Tariff shall be requested, and associated terms, conditions, and rates established for any requested use that is required under FCC orders and rules, through the Bona Fide Request Process.
